

4 Courses

Embedded Systems using C

Embedded C Programming Essentials

ARM Cortex (STM32) Fundamentals:
Building Embedded Systems

ARM Cortex (STM32) Deep Dive:
Mastering Embedded Systems

Sep 5, 2026

Jaidev Kamboj

has successfully completed the online Specialization

Embedded Software Development with C

This certificate acknowledges the successful completion of the Embedded Systems Specialization, demonstrating proficiency in designing, programming, and optimizing embedded systems using C.

This certificate attests to the learner's completion of an online program delivered via Coursera. It does not constitute formal enrollment at any university or entity and does not itself grant academic credit, grades, or a degree. Institutions or organizations may, at their discretion, recognize this learning toward their own programs or credentials.
